Hi there, here is the interpretation of the astrological chart that you asked for. Thank you for visiting our web site. This report has been created especially for you. It represents your Unique picture at the time you were born and at

the place you were born. If you are unsure of the exact time of day of your birth (or the date or the place), the reading will probably not seem as accurate as it could be in certain places, but other parts will seem to be very appropriate. You will notice at certain places in the reading that contradictory information seems to be given. This is to be expected, because the personality of most people is extremely complex. For example, at times we are quite shy and at other times we are very aggressive, and so forth. You will also notice that, at certain points in the reading, certain patterns may be repeated over and over, especially in a longer more detailed report than this one. This is also to be expected. This simply means that your horoscope has an extremely strong focus on this particular pattern and that you should pay extra close attention to what is said about it. Now, on with your Report!

Name: John

January 1 1962

12:00 PM Time Zone is CST

Memphis, TN

Rising Sign is in 16 Degrees Aries

You are a free spirit and you must be first at everything you do. Very energetic, self-assertive and active, things must be done your way. Even though you may feel calm and serene on the inside, you certainly do not act that way. You want to do everything full-tilt, 100 miles per hour! A great competitor, but a poor cooperater -- you must learn how to lose more gracefully. Very self-confident, ambitious and passionate, you radiate positive energy. You are blunt and direct, but at times unfeeling and tactless, especially if anyone offers you any resistance. You fight for your beliefs, but your tendency to act first and think later often causes you much grief.

Sun is in 10 Degrees Capricorn.

Extremely serious and mature, you are capable of accepting responsibilities and do so willingly. Others expect you to be dutiful as a matter of course. You tend to get angry when people get rewards after not having worked anywhere near as hard as you. You are goal-oriented and an achiever by nature -- you're a hard worker and are justifiably proud of the tangible results of your efforts. You tend to have "tunnel-vision" -- this allows you to block out extraneous matters that might distract others and to concentrate totally on the matter at hand. As such, you are the ideal one to manage or administrate any ongoing project and to be practical and efficient at it. You are not a fast worker, but you are quite thorough. You are known for being totally persistent, tenacious and tireless in reaching your goals.

Moon is in 10 Degrees Scorpio.

Your feelings are very intense, never superficial. You tend to be either very angry or very sad or completely and totally happy. Your moods are deep, extreme and not always completely understood by yourself or by those with whom you have to deal. Emotionally, you tend to prefer to live at the cutting edge of life, pushing your reactions to the ultimate extremes, even if the results are dangerous or upsetting. You are easily jealous and very suspicious -- you require a great deal of emotional reassurance. A good detective, you are very curious about deep and mysterious things, especially human nature and motivations. Be careful not to be ruthless, tactless or too overly frank or you will meet with much resistance from others.

Mercury is in 20 Degrees Capricorn.

You are a careful thinker, very cautious and conservative. You are quite skillful at organizing, directing and planning activities. Practical and useful things interest you -- you are not attracted to abstract thoughts or ideas. With your tendency to be highly focused and very goal-oriented, you have a good head for business. But beware

of a tendency to be narrow-minded and dogmatic. Your sense of humor tends toward being earthy and slapstick crude.

Venus is in 04 Degrees Capricorn.

You tend to keep your feelings under control -- emotions are only released in serious or important situations. You are distrustful of others whose behavior could be judged excessive or immoderate. As such, you prefer to relate only to those who are older than you or to those whose position is such that respect and duty are more important for both of you than passion or emotional response. Be careful, however, of relationships that are merely based on practicality or utility or you will ultimately be lonely.

Mars is in 06 Degrees Capricorn.

Extremely ambitious, you are willing to work very hard to reach the goals you have set for yourself. Very practical, cautious and conservative, you demand tangible results for your efforts. You need to excel in whatever you do, and you have the required sense of responsibility, dedication and self-discipline to bring it about. Beware of your tendency to judge others only by their degree of status and prestige, or by how well they will be able to advance you in your climb to the top.

Jupiter is in 10 Degrees Aquarius.

Your personal growth occurs when you have the freedom to do things in new and interesting ways -- this brings out your natural inventiveness. You are an individualist, but you are also attracted to mass movements that emphasize social betterment and you will devote much time and energy to their efforts. Very fair-minded and objective, you have extraordinary skills at organization and administration.

Saturn is in 29 Degrees Capricorn.

Very serious-minded and mature, you have the ability to take on responsibilities and to carry out important duties. You can also be trusted to be extremely practical and thrifty. A good organizer, you are the ideal one to be counted on to take a clearly defined project through to its logical conclusion. An achiever, you pride yourself on your ability to focus your attention totally on some worthy goal and then attain it.

Uranus is in 00 Degrees Virgo.

You, and all your peers, will be known for the degree of intensity with which you dislike normal everyday routines and chores. You will go out of your way to invent innovative, unique and timesaving ways to perform the various mundane routines and duties of living. You will be attracted to all manner of practical and useful gadgets -- anything that will make your daily life more exciting.

Neptune is in 12 Degrees Scorpio.

You, and your entire generation, are extremely interested in anything deep and mysterious. You will explore and idealize the benefits that can accrue from the study of the occult, healing and psychology. You are willing to experiment with substances like drugs in order to push your understanding of your inner being to the extreme.

Pluto is in 10 Degrees Virgo.

For your entire generation, this will be a time when profound changes in society's attitude toward work, duty and responsibility will be initiated. Radical changes in attitudes toward personal health and general nutrition will be promulgated and gain wide acceptance and practice.

N. Node is in 18 Degrees Leo.

You prefer to take the leadership role when it comes to dealing with others. You enjoy administering and organizing group activities. Others tend to listen to your suggestions because you aren't usually overly domineering or patronizing in your interactions. You love to entertain in a big way -- you're at your best when throwing a large and lavish party. Your popularity and social success are assured as long as you don't take others for granted -- resist the temptation to become snobbish and arrogant.
